HARTING Han-Eco®

Our strongest idea – taken further.

Countless combinations. Always the right choice. The Han-Eco[®] product portfolio.

Versatile inserts

Both the new Han-Eco[®] Monoblock E inserts and the Han-Modular[®] product portfolio can be used.

Connecting strengths. Han-Eco® – the efficient connector system.

Easier to assemble, with less weight and improved versatility and robustness:

the Han-Eco® is the logical next step for our strongest idea. The housing is made from high-performance plastic and stands up to all external influences. The compact design permits a higher contact density. It is available in indoor and outdoor variants.

The Han-Eco® in action:
check out our
Youtube clip.

Quick to assemble

Easy assembly – even in difficult to reach locations such as the back of electrical cabinets.

Machinery & robotics – "click and mate" locking mechanism

Easy to assemble

Wind energy – protection against aggressive salt sprays

Robust housing

Transportation – an unbeatable weight advantage

Minimal weight

Broadcast & entertainment – non-reflective housings

Non-reflective
